

# ECO-POWR™ STATUS

## G886 CROSS TRAINER

Verso offers a truly customizable, approachable, and engaging cross-training experience. Elliptical, stepper, and bike movements combined in one machine with intuitive controls. Users are able to electronically adapt movement paths, allowing them to choose among a wide variety of range of motions that fit them best. The Watts to Grid goal allows them to set their workout intensity based on how much they want to give back to the planet.

### KEY FEATURES

- ECO-POWR™ integrated inverter
- 3-in-1 cross training unit
- On-the-fly mode and motion change
- Fingertip, console and toggle controls

### TECHNICAL DETAILS
